

EMERGENCY PROCEDURES

Stuck on Beach

- Trim motor up until propeller is just below surface
- Remove all passengers from boat (this lightens the boat)
- Have passengers push from shallow side, rocking boat from side to side if necessary
- Call (321) 830-2907 if unable to unbeach boat

Underway Checklist

- Attempt to start motor using Normal Procedures
- If unable to start motor, deploy anchor to stop drift
- Call (321) 830-2907 and we will send a rescue boat

Adverse Weather Encounter

- Have all aboard put on their life jackets
- Turn on navigation lights
- Attempt to beach or return to dock
- Match your speed to that of waves

Fire Aboard

- Inform all passengers, move them away from fire, and get them into their life jackets
- Make a distress call to nearby vessels
- Shut off motor, turn off all electrical switches
- Extinguish the fire, if possible
- Prepare to abandon ship, if necessary
